GOD IS TRUTH

Our topic is: Pendulums

The universe is held together by the laws that God created. Gravity is one of these laws.

Gravity brings the swinging pendulum back to rest at 90 degrees from the earth.

We discovered that:

A swing is a pendulum.

The time it takes for a pendulum to complete a swing depends on the length of the string, not on the weight of the bob.

Galileo discovered pendulums. He stood up for God's truth.

The Sower

But the seed falling on good soil refers to someone who hears the word and understands it. This is the one who produces a crop, yielding a hundred, sixty or thirty times what was sown. Matthew 13:23
