Jesus and his mother, Mary,
were invited to a wedding.
This is the story
about Jesus' first miracle.

There was going to be a wedding.
Everyone was busy getting ready.
The bride and groom invited their family and friends.
Jesus, his mother and helpers were coming too.

The bride looked beautiful.
Everyone filled their glasses
with wine made from grape juice.
"Best wishes for a happy life," they said.

Soon the wine, made from grape juice,
had run out! Everyone was asking for
More and the helpers were worried.
This would spoil the party. What could they do?

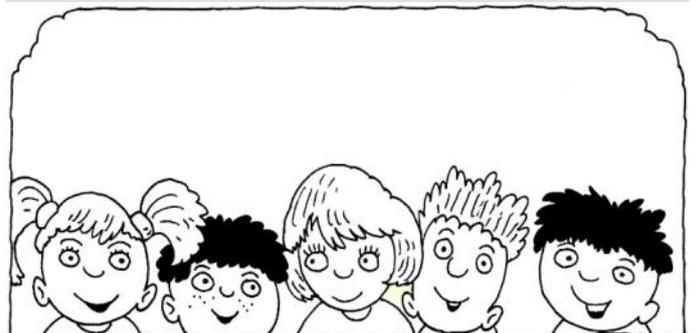

Jesus' mother said "Jesus will help you.
Do whatever he tells you to do."
Jesus said, "Fill those big jars with water."
They did everything Jesus said to do.

They filled six big jars right
to the top with water like Jesus said.
When they poured the water
into the glasses it was a miracle!

The people at the party
had never tasted such a delicious drink.
Only the helpers knew that Jesus had
made the water into wine.

Wherever Jesus goes,
He knows how to bless people.
He can give us the
VERY BEST life!
