

Baby chicks

1

Mother hen is sitting on her nest.
She is sitting on five eggs.

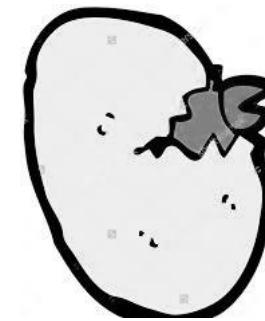

2

She keeps the eggs warm with
her soft body.

Level 8

3

After some time, mother hen feels
something. A little chick wants to
come out of its egg. The little
chick pecks at the shell.

4

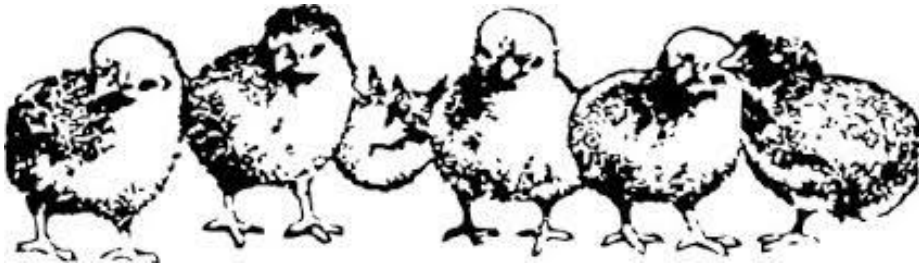

A little head comes out. Then his body comes out. Mother hen has one new chick.

5

Now some more eggs are cracking open. More chicks come out.

6

Soon mother hen has five fluffy baby chicks.

Level 8

7

She looks after her chicks. They stay with her. When they want to rest they go under mother hen's wings.
