

Butterflies

1

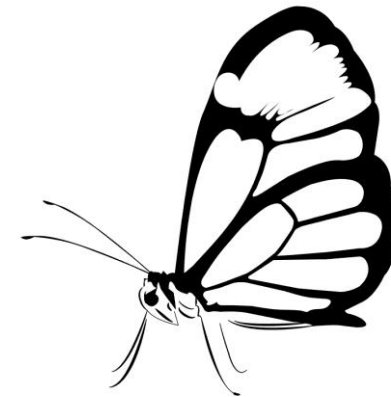

Let's go and look for butterflies.
You can find them if you look
out for them.

2

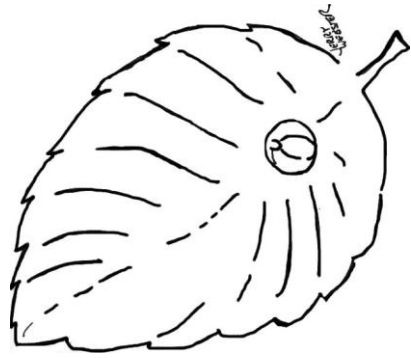

Butterflies can be black and
white or many colours.

3

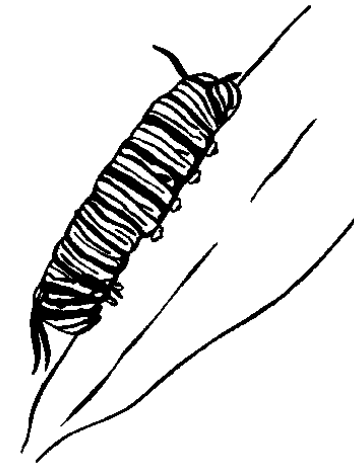

Butterflies rest with wings together
like this.

4

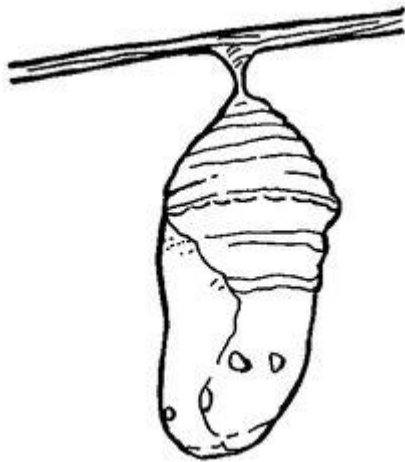

A butterfly lays an egg on a leaf.
After some time a little caterpillar
comes out of the egg.

5

The caterpillar eats and eats. It
gets very fat.

6

The caterpillar makes a little
home and goes to sleep.

7

When the caterpillar wakes up it is
a butterfly.
