

Reduce, reuse, recycle

Draw these pictures and write the answers to the questions in your books, or on paper.

- a) Lucy and her Mum are shopping at the supermarket. They use their own shopping bag. Why is this a good thing to do?

- b) Tom is playing with his blocks while his Mum is washing the dishes. What does Tom keep his blocks in? Why is this a good idea?

- c) Mum is washing out a glass jam jar. How could she reuse it? Why would this be a good thing?

Because you have not written or drawn on this work sheet it can be used again. This is an example of: **recycling**
