Week 10: Evidence that God is true

The Creation tells us that God is true.

God has made mathematics, and the created world is based on mathematics. We are part of His creation, and made in His image. So we can know and understand about the patterns and laws of God's world. Mathematics can help us in discovering the truth.

Jeremiah 33:25 says, "But I the Lord have a covenant with day and night, and I have made the laws that control the earth and the sky."

God's original creation was perfect and beautiful: trees, flowers, animals, rivers, deserts, stars... Even though some of the Creation became corrupted because of the Fall, we still see amazing beauty in creation all around us today. Mathematics helps us to understand some of this beauty.

There is a series of numbers named after one person who first recorded it, the Fibonacci Sequence. It is like this:

1, 1, 2, 3, 5, 8, 13, 21, 34, 55

The sequence is made by adding up the 2 numbers that come before, to get the next number in the sequence.

God has used this in the arrangement of petals of flowers, in the stem arrangement of branches and leaves, in the organisation of seeds in sunflowers, in the whorls on pineapples and pine cones, and in the creation of seashells.

God says that people can look around them and see that there is a one true God, creator of all. In Romans 1:20, God says that people have no _____ for not believing in Him.

But instead, many people do not listen to what their hearts are telling them about the creation. What do they do? (See Romans 1:23)

8. How did the Wise Men know not to tell Herod?

Week 12: The Kingdom of God

1. Choose and write three verses from Psalm 47 that tell us that God is king of the world.
2. Draw some emblems or symbols from the Psalm and use them to decorate your page, e.g. songs, trumpets, a throne.

This image shows a blank sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are no margins, text, or other markings on the paper.

Week 13: The final defeat of Satan

One day Jesus will return to earth in the clouds of heaven. He will reign in peace over all those who believe in Him. When Jesus returns to earth, Satan and death and evil will be defeated forever.

Revelation 1:7 says, "Look, He is coming on the clouds!
_____ will see Him."

What happens to Satan in the end? (Revelation 20:10)

How did Christ's death defeat the work of Satan?

Who does Satan now rule over?
