

God is a Servant

The 'servant' attribute is expressed in the Trinity as *Jesus the humble servant*. Our response to the example of Jesus, is to love and serve others, to put others before ourselves and to take on humility. A true servant does all things without complaining, and carries on when times are tough.

There are many examples of fine Christian servants throughout history, especially Christian missionaries. In the history of every nation we see servants who paved the way for those to follow, doing things the hard way so that progress can be made. The following paintings are children's' representations of early pioneers who served by working hard with what they had at the time.

Topic: In great grandparent's day

Subjects: "Doing the washing" and "Going to town"
