

My country 1

Draw a typical house that you would see in your country.

Now redesign it using:

B – make one part **bigger**

A – **add** something extra

R – **replace** one part with something else

My country 2

List 10 things that you would NEVER see in your country.

My country 3

Name an animal native to your country.

Why would it be a bad thing if all these animals disappeared?

My country 4

Draw something that is used for cooking outdoors.

e.g. a barbeque.

Now make 5 improvements to it.

My country 5

Write an acrostic poem using the letters in name of your country.

My country 6

On a map of your country, find a place that is the most distant from where you live.

Work out 10 ways of getting there. Now put them in order from slowest to fastest.

My country 7

Think of 5 native species of plant or animal life that might become extinct in the next 30 years.

Give a reason for each answer.

My country 8

Work out 5 different things that this picture could tell us about our country.

My country 9

The answer is

“helicopter”.

Make up 5 questions.

Each question must include at least one place name from your country.

My country 10

Design a menu made up of the traditional foods from your country. Give 5 different choices.

My country 11

A main highway into the capital city has to be repaired.

Work out 3 ways of solving the traffic problem while the road works are happening.

My country 12

Design a holiday plan for an overseas tourist visiting your country. Think of some new and exciting things for them to do.
