

# Photographs and Faith

Ken Duncan – Australian Christian photographer

**Recognised internationally as a gifted and prolific landscape photographer, Ken still chooses to describe himself as "... an average photographer, with a great God - merely an interpreter of God's creation". The art, he says, is in seeing, capturing and presenting these images to others. And this Ken does with his own unique style and his exceptional ability to capture the very spirit of a place at a given moment in time.**

## **About Ken**

### **Pioneer**

Ken Duncan is well known as the pioneer of Limited Edition Photographic Art in Australia. After a visit to New York in the early 1980's, Ken returned home with a dream to have photography widely accepted as an art form in this country. The increasing number of Australian photographers now emulating his panoramic style and finding a market for their work is testimony to Ken's success.

### **Market Leader**

Ever the trend setter and still the market leader, Ken is deeply committed to researching and developing the latest and best technology to bring photographic art into homes and offices right around the world. With every new release he delights long-time collectors and new fans alike with his own inimitable style of landscape photography. Each new exhibition is more vivid and stunning than the last.

## **Passionate**

Ken is truly passionate about his craft. Always striving for excellence, he travels extensively throughout the world in search of the stunning panoramic landscapes - or Panographs - for which he is best known.

Ken Duncan uses beautiful photographs of the Creation to promote faith in God. But are there other ways of using photographs to promote a Christian response?

Take a photo and add text to it to make the photo serve the promotion of faith, or to promote thought that promotes thinking about the supernatural. Look at what a student chose to do with an extravagant Hollywood home in their poster below.

***We all worship in some sort of temple, what is yours?***

Here are some more examples of students' work:

***Some worship gods of steel and glass. Others worship the body beautiful. You gotta worship and serve somebody/thing....***

***You can't take anything with you in the coffin, the Pharaohs tried and failed. So viewed from the end of your life what really matters? Why am I on earth? What is required of me? Where do I go after I die?***

***can't buy.***
