

The Picture Pocket Chart

Pockets are cut from fabric and sewn on to the background sheet.

Letters are cut out from felt and glued on to the pockets.

Finished size: 1 metre x 63 cm. Allow an extra 5 cm at the top for folding over to make a space for a hanging rod to pass through.

Pocket size: 11.5 cm. square. (Allow an extra half cm for hemming each pocket)

Attach a rope to the rod at the top and hang on the wall.

Take off the wall and place on the floor as needed for sorting activities.

Children place into the pockets picture cards of objects starting with particular letters. e.g. 'sun' goes into the 's' pocket.
